

What I want for Berwick 2031

More opportunities for people of all ages
learning disabilities after they leave
School. Like a place to go to meet,
people to help us and things to
do.

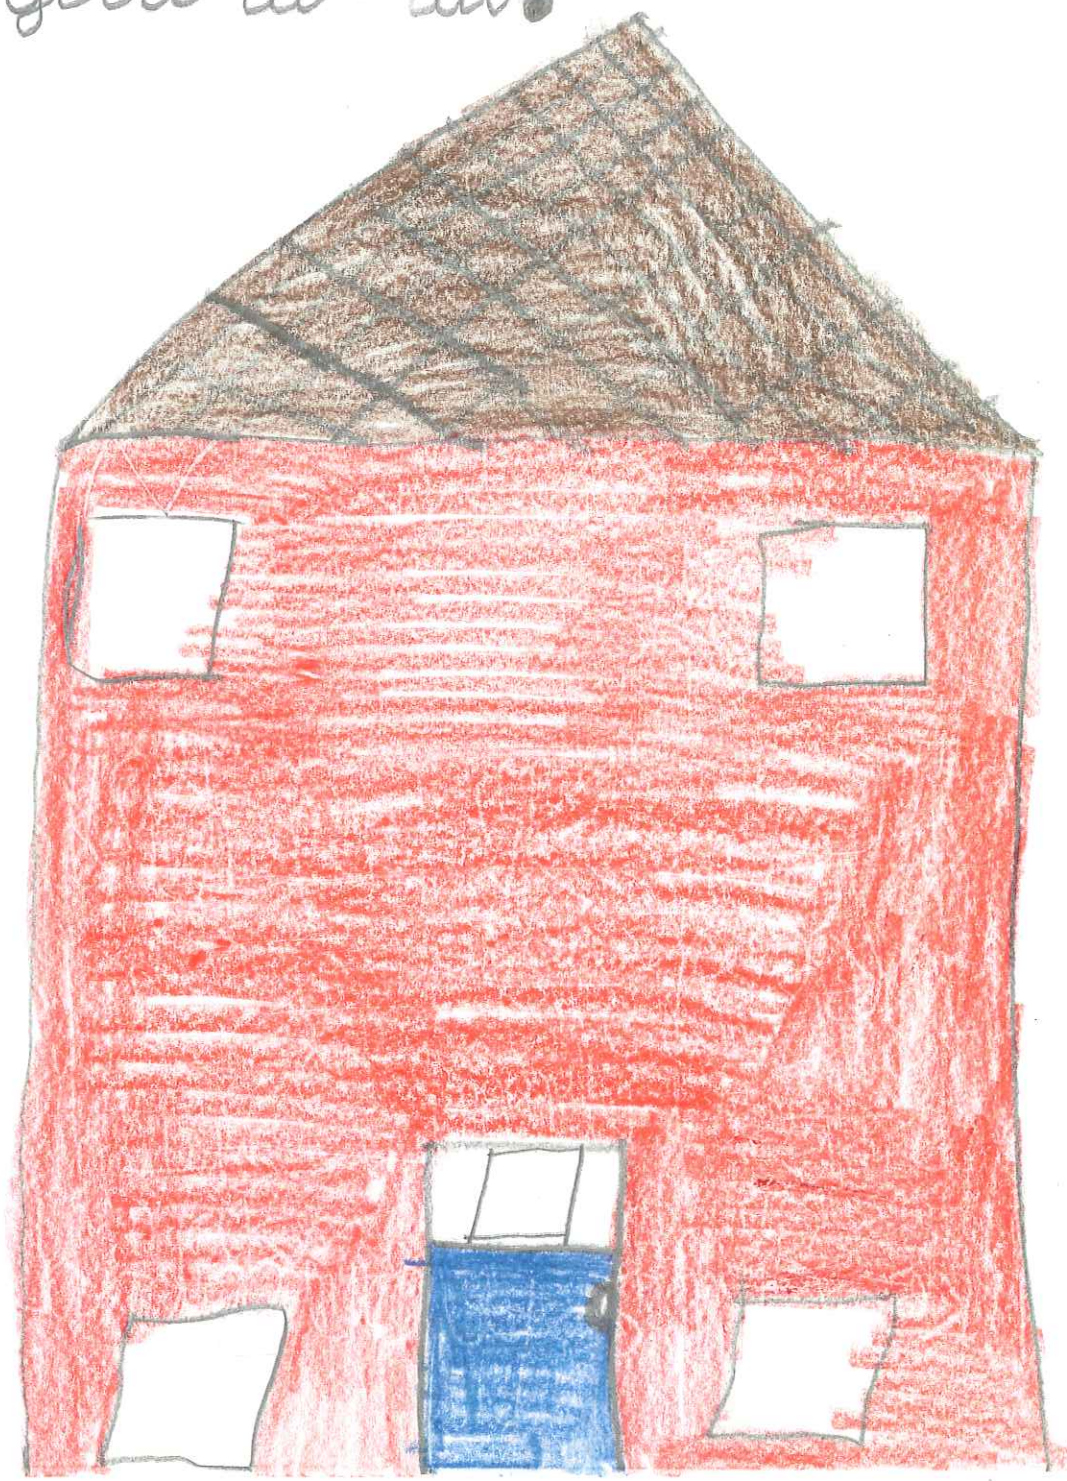

What I Want for Berwick 2031

I would like more jobs in Berwick
so people can earn money rather than being
on benefits.

20.10.15 What I want for Berwick

In Berwick 2031 I would like more houses in Berwick for people to have a house to live in with their families. Some families are squashed in small houses and this is not good at all.

What I want for Berwick 2037

Safe places to go for vulnerable people with learning disabilities with things to do and with people to help us.
